

DA Civilian Semi-Annual Town Hall Meeting

1 Apr 2011

DAC Town Hall

- **Opening remarks Mr Ormond**
- **CG Remarks**
- **Parking Update (Garrison DES)**
- **Employee Assistance Program Overview (Garrison DHR)**
- **DPW Projects/ Recycling/ Energy Policy Update; (Garrison DPW)**
- **DFMWR / Resiliency Center/ Civilian Wellness Program: (Garrison DFMWR)**
- **Severe Weather Update - Thunderstorm/ Tornado (Garrison DPTM)**
- **Closing Remarks: Mr Ormond**
- **Question and Answers**

Deputy to the Combined Arms Center Commanding General

Combined Arms Center Commanding General

Combined Arms Center

Mission Statement

The Combined Arms Center develops leaders and prepares the force to successfully conduct full spectrum operations in a joint, interagency, intergovernmental, multinational environment.

Combined Arms Center's Reach

★ Other Schools

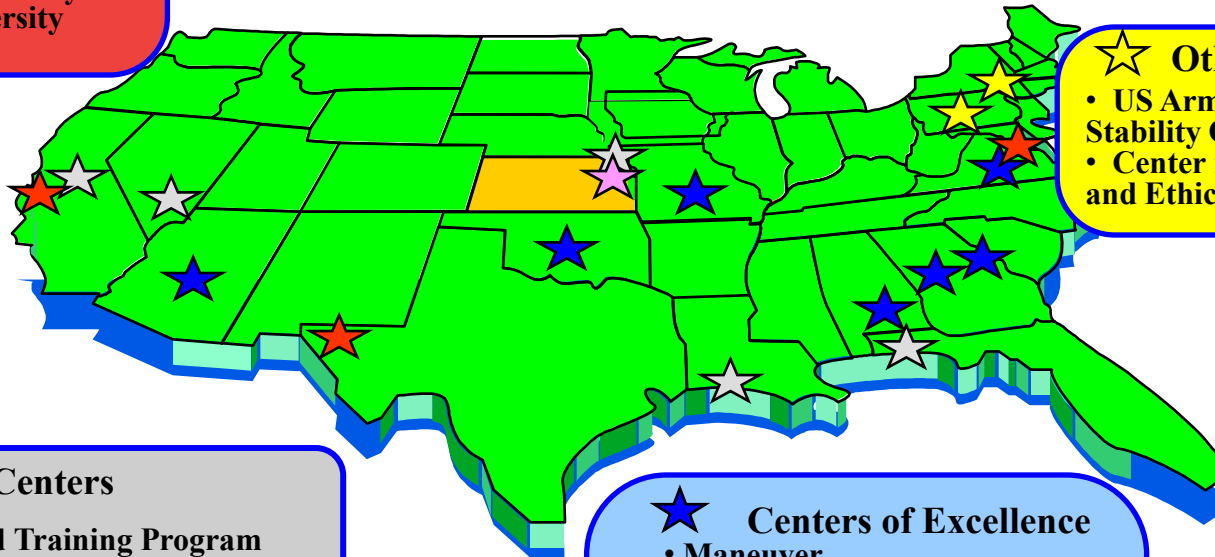

- Defense Language Institute
- Sergeants Major Academy
- Army Civilian University

★ Joint Centers

- Joint Center for International Security Force Assistance
- Counterinsurgency Center

★ Other Institutes

- US Army Peacekeeping and Stability Operations Institute
- Center for the Army Profession and Ethic

★ Training Centers

- Battle Command Training Program
- Joint Readiness Training Center
- National Training Center
- Joint Multinational Readiness Center
- Army Joint Support Team

★ Centers of Excellence

- Maneuver
- Fires
- Aviation
- Signal
- Intelligence
- Sustainment
- Maneuver Support

Combined Arms Center Priorities

- Leader Development
- Establish the Mission Command Center of Excellence
- Doctrine Development
- Training Support
- Support to the Army Community and Family Covenant

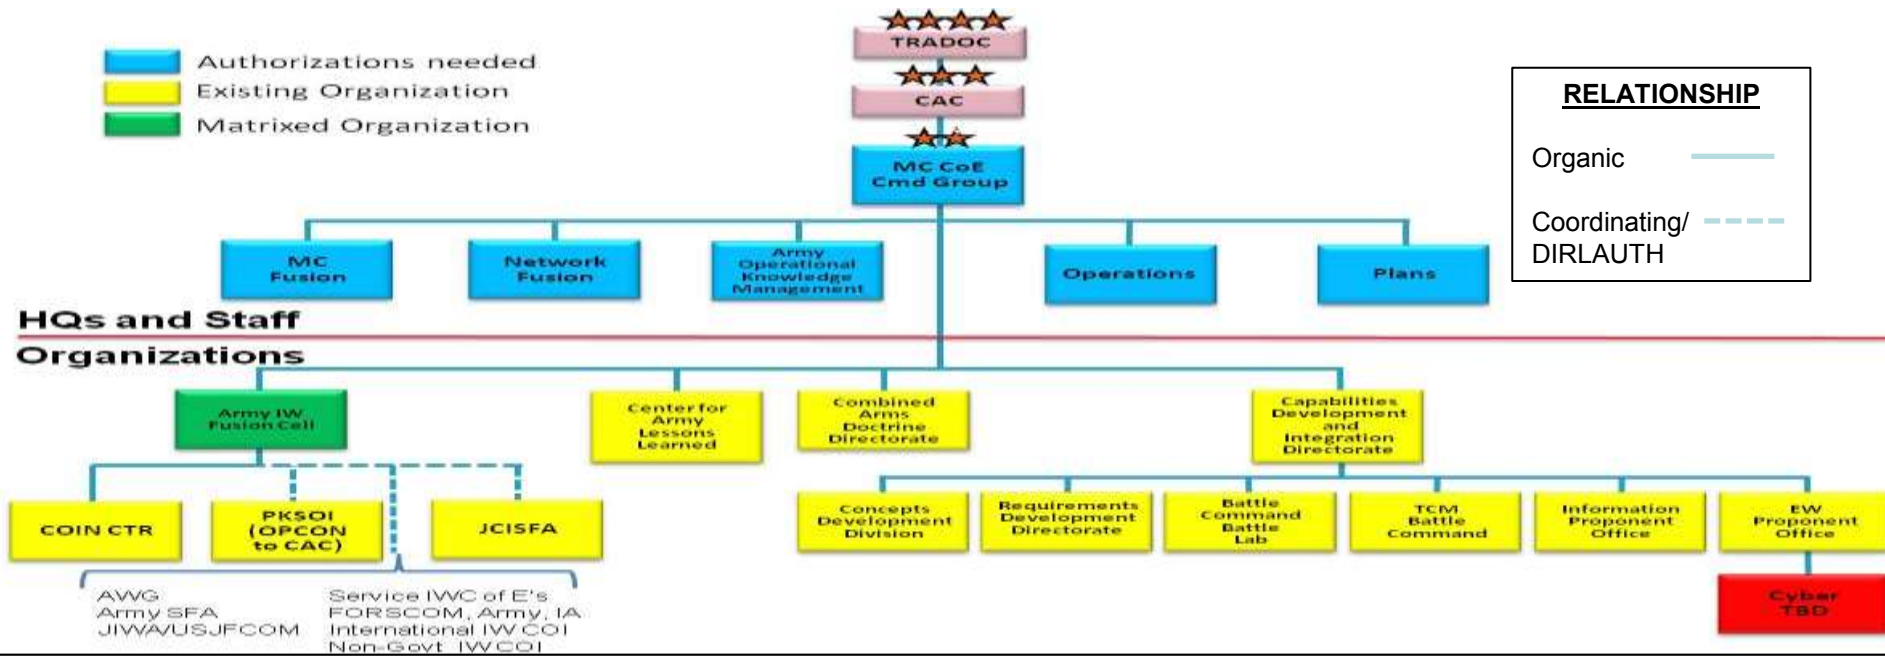

MC CoE Mission Statement

MC CoE develops and integrates MC DOTMLPF solutions at all levels of command in order to prepare leaders and their units to successfully conduct FSO in a JIIM environment.

MC CoE Organization

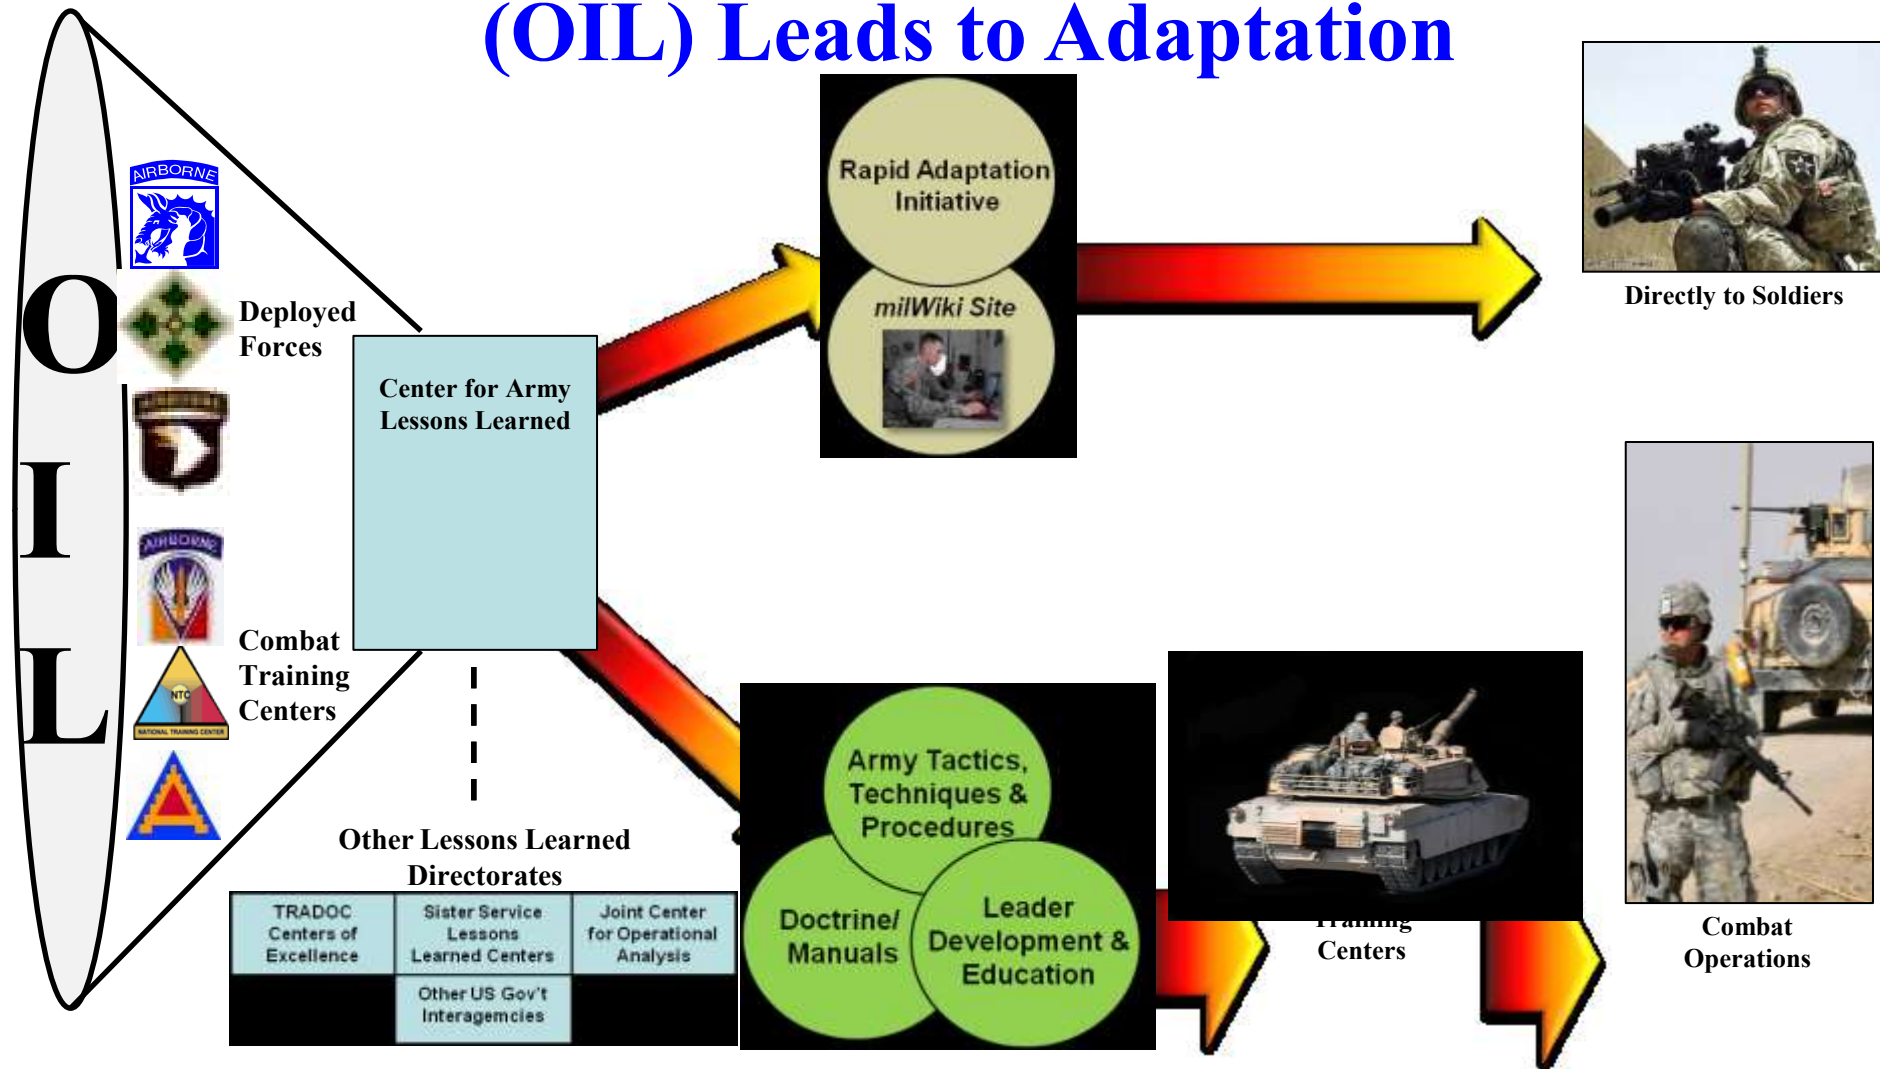

Roles of MC CoE

- Integrates DOTMLPF solutions at all levels of command from ASCC to Platoon
- Leads Network Operational Requirements determination; significant role in all aspects of Network Integration
- Captures and rapidly disseminates Army OIL and integrates into doctrine and capability development
- Leads designated Force Modernization MC related integration across WfF
- Identifies requirements for 12 x MC proponents and related areas
- Integrates the IW activities of PKSOI(SO), COIN, and Army SFA and coordinates IW activities with AWG, USASOC, USAJFKSWC, and JCISFA.

Observations, Insights, Lessons Learned (OIL) Leads to Adaptation

UNCLASSIFIED

Construction

Building 466 & 467
\$18.7M
BOD: 14 April 2012

Building 427
\$8.7M
BOD: 23 March 2012

12th Bricke Grill

Riverside Apartments

UNCLASSIFIED

Recycling/Diversion

50% diversion mandated by EO 13514 (no added funds)
– Fort Leavenworth achieved 11% in FY10

Garrison pilot - **internal collection** of paper (**shredded too**), cardboard and cans/bottles then **each Organization** transports own to Recycle Collection Point (all items + glass) or nearest yellow dumpster (paper, cans/bottles) . **Cardboard** has **doubled** under pilot .

Way Ahead:

Expand the Garrison model (self-service) installation-wide

Education & Information Campaign

Ripple Glass container (saves transport costs)

PepsiCo Dream Machines (reverse vending) by May in L&C and PX with reward system/local coupons

Installation Energy Program Update...

our path to Net Zero Installation

- Fort Leavenworth Energy Costs for the past 12 months:

- Electric commodity	388,732 MBtu	\$7,474,979
- Natural Gas commodity	361,434 MBtu	<u>\$1,889,023</u>
- Total commodity cost:		\$9,364,002
- Electric UP O&M / R&R Cost		\$1,535,614
- Water/Wastewater UP O&M / R&R Cost		\$3,138,120
- Sewage Cost		<u>\$ 603,876</u>
- Total Cost of Utilities:		\$14,641,612

- Energy Independence and Security Act 2007 mandates a 30% reduction in building energy use.

- BLUF: For Ft Leavenworth to meet the mandate of EISA 2007 and Executive Order 13423 will require a fundamental cultural shift with a focus on **Awareness** and **Conservation** of our resources.

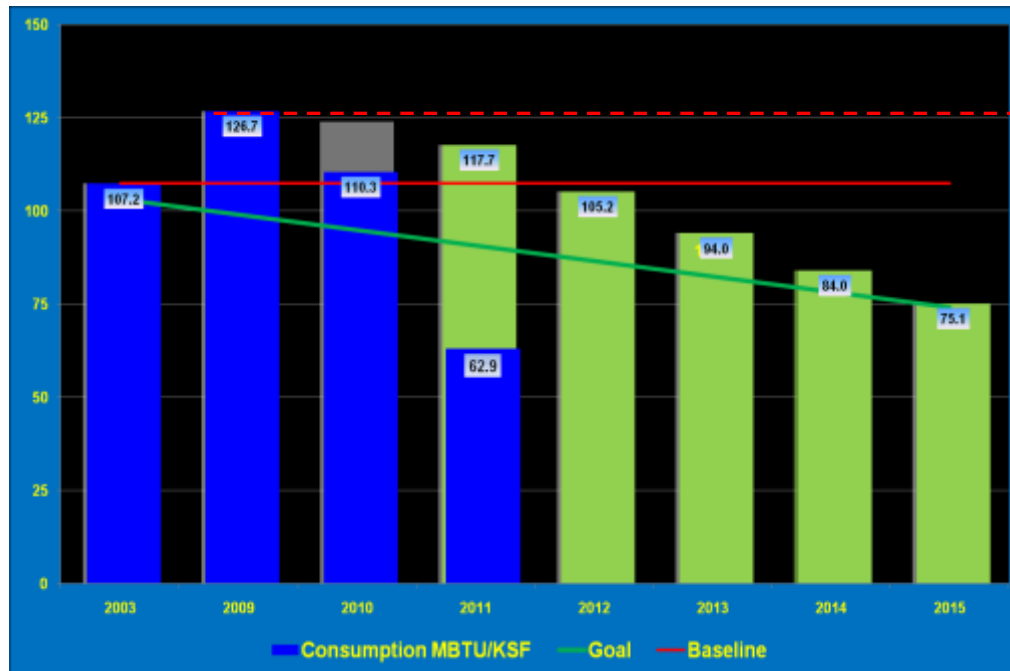

Our CHALLENGE !

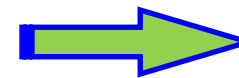

Change the culture.....resource the vision

- Awareness and Conservation
- Investment in Efficiencies
- Pilot & Demonstration projects for Renewable & Alternative sources
- Benchmark the footprint

41% reduction...10+%/yr = 200,000 MBtu
\$30M Investment in ECM Projects
95% solution...**5+ % is on US!**

2015

2020

BLUF: The path to Net Zero begins today....with U S

UNCLASSIFIED

How are **we** doing so far?

Building Energy Monitors:

BEMs Appointed	128
BEMs Trained	80
% Trained	63%
Facilities/Buildings	156

PC Shutdown Policy Compliance:

October	49%
November	54%
December	52%
January	55%
February	46%
March	59%

If 5+% is on US.....WE need to do better!!

What we can do

Low Cost / No Cost Energy conservation measures

1. Shut down computers at night.
2. Shut down monitors and peripheral devices (scanners, speakers, chargers, etc.).
3. Use powerstrips/surge protectors with timers or motion sensors to shut them down completely.
4. Ensure all unnecessary equipment (Smart boards, TVs, LCD projectors, etc.) is turned off. Electronics on “standby” mode continue to consume energy.
5. As you spend your supply funds, make sure you buy only ENERGY STAR™ rated office equipment.
6. Ban the bulb! Install compact fluorescents in incandescent fixtures.
7. The use of personal refrigerators and personal coffee pots/warmers are not authorized for individual work areas.
8. Turn-Off the lights when not needed, use task lighting instead of lighting the entire room, use daylighting whenever possible. Turn-off the lights when you leave the room!
9. Save paper – copy only what you need, use second side to print or reuse blank side as scrap paper
10. Use coffee mugs instead of disposable cups

Family, Morale, Welfare and Recreation Update

Directorate of Family, Morale,
Welfare and Recreation:

Glenn Hewitt

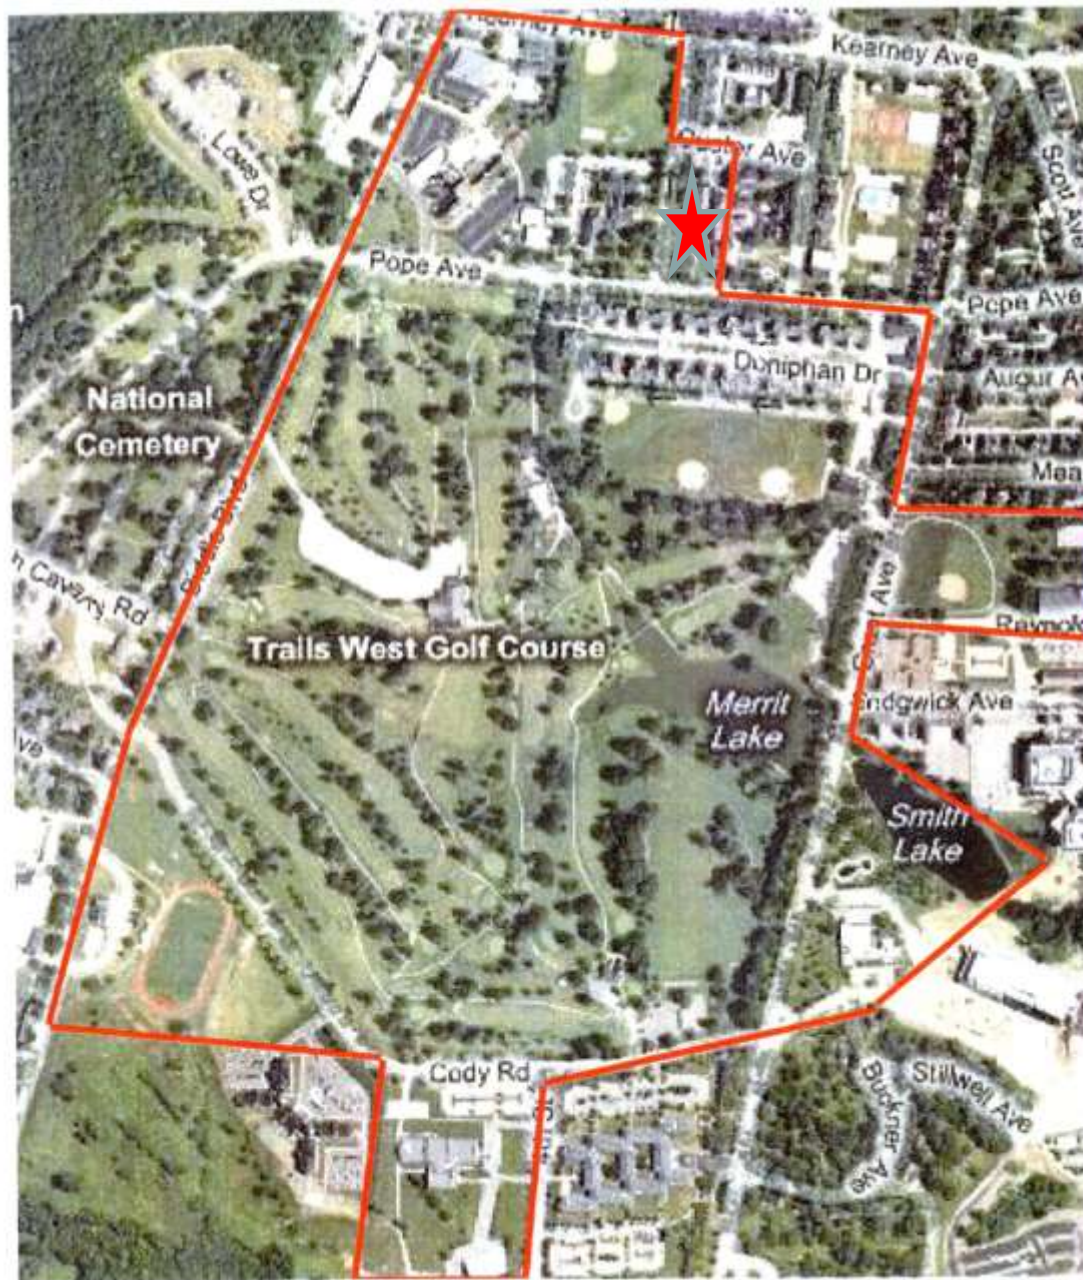

Concept

It is a proactive step to solving the many challenges faced by Army Soldiers, Families and DA Civilians .

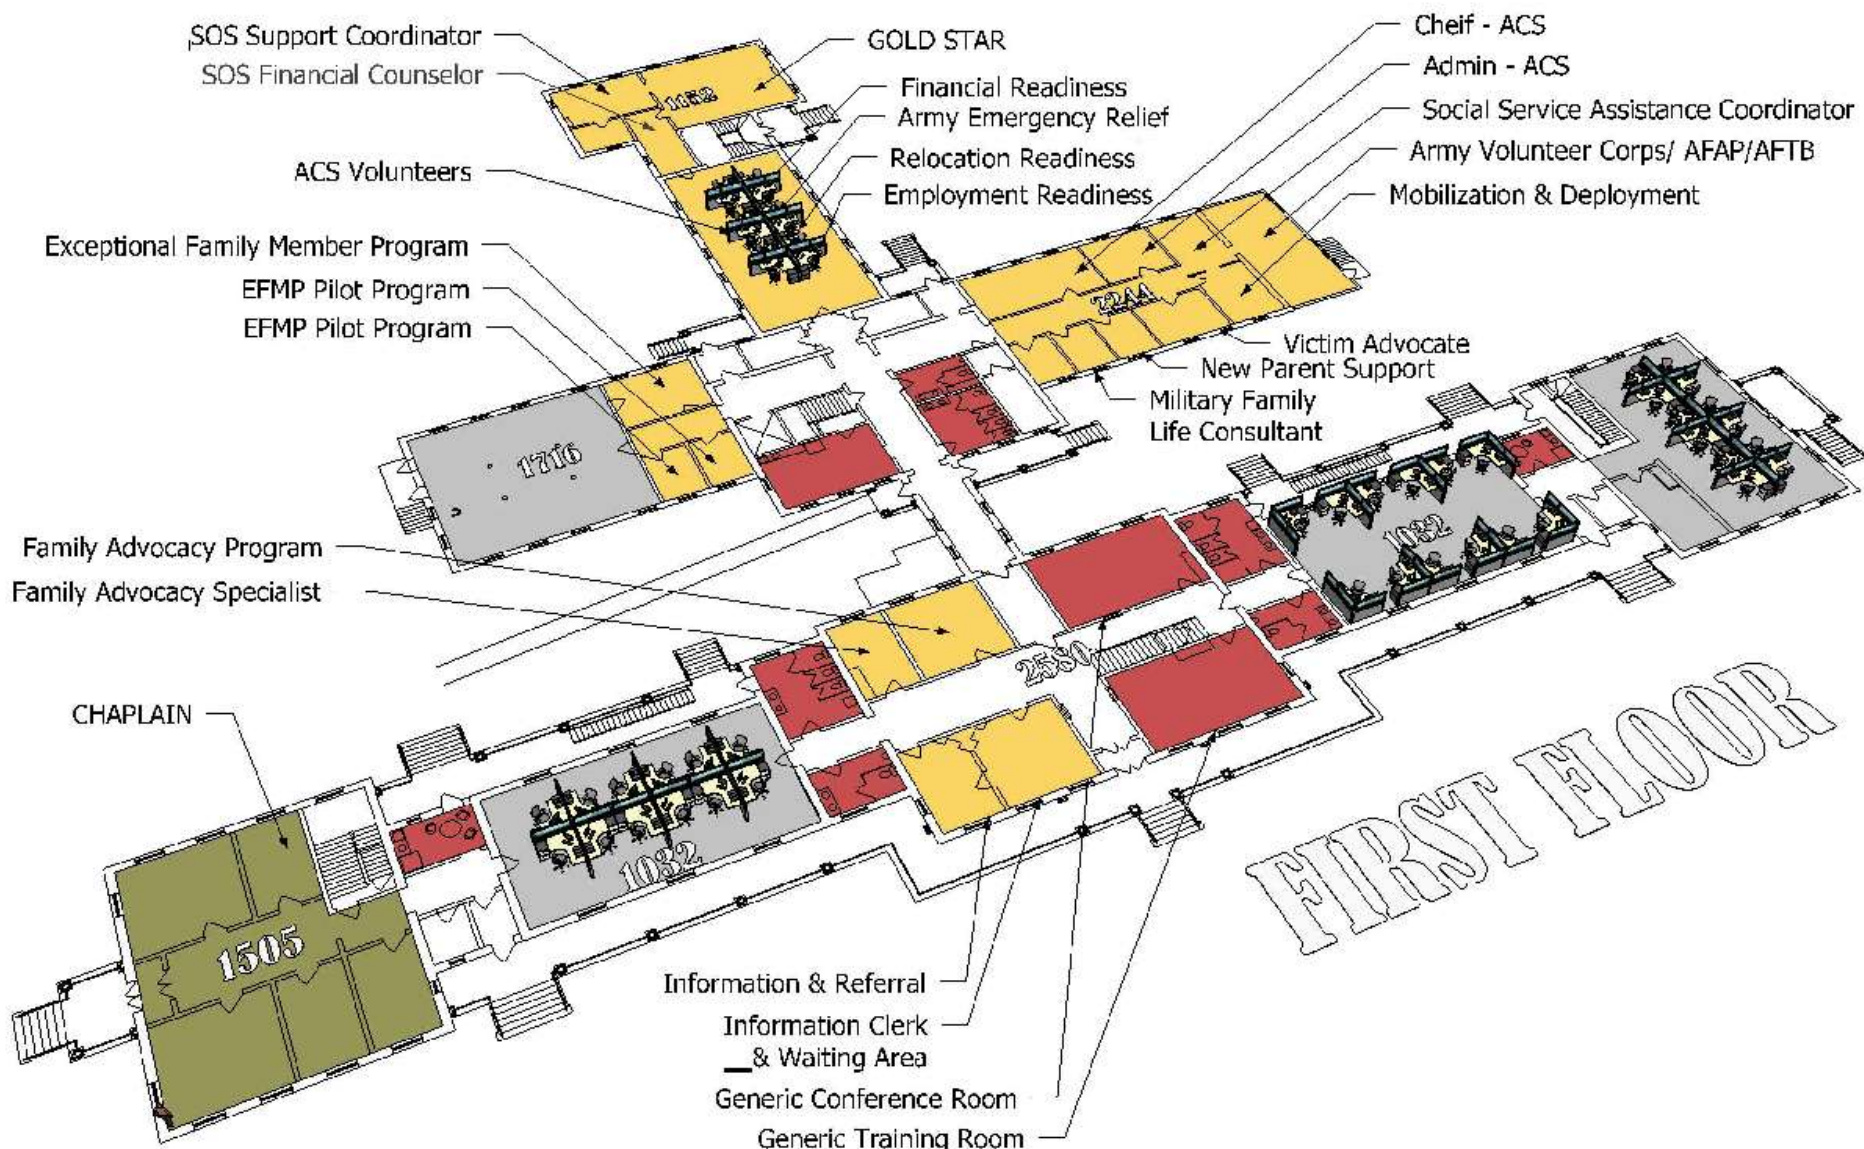

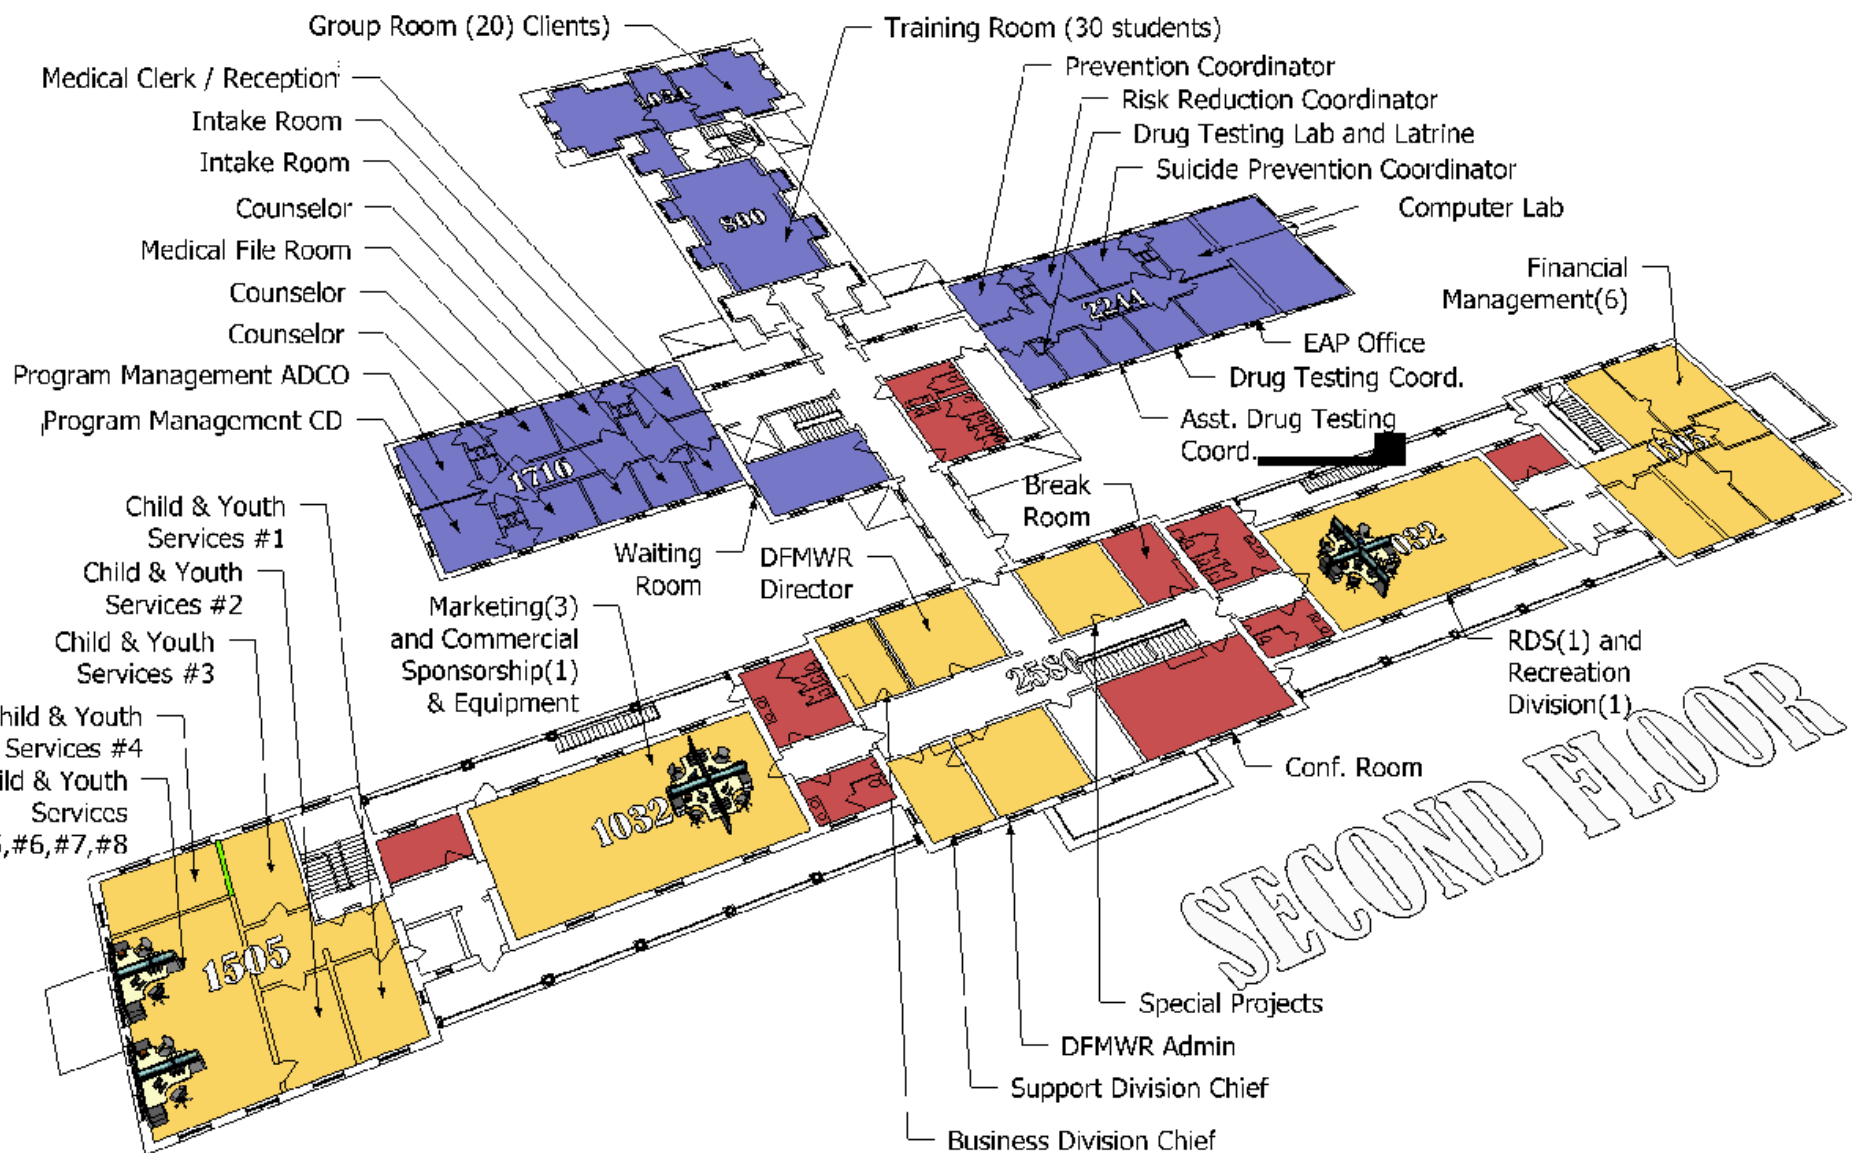

FT Leavenworth Resiliency Campus

- Fort Leavenworth Spring Yard Sale – April 30th beginning at 6 AM.
- CGSC/FMWR Triathlon beginning and ending at Harney Sports Complex on May 7th at 9 AM.

Civilian Wellness Fitness Program

- The Civilian Wellness Fitness Program is for all civilians that work on Fort Leavenworth.
 - 3 hours a week for 8 weeks.
 - On the program for six months, one time in your career or time at Fort Leavenworth.
 - Consist of measurements, weight, body fat %, and a 3min step test .
 - After these tests you will discuss what your goals are and if you have any physical limitations.
 - For the next four months you will continue to monitor yourself and you should make time to work out and continue your plan, for these four months you are on their own.
 - 27 Employees completed program since October 2010, 13 currently enrolled

Matt Price can be reached at 913-684-5120

Thunderstorm and Tornado

Directorate of Plans, Training and
Mobilization:
Tom Cowan

Spring Severe Weather

<https://www2.leavenworth.army.mil/dptm/weather.html>

Everyone must be informed on Spring Severe Weather.

There are Unit and Individual Responsibilities!

Unit Responsibilities

- Make sure your people are knowledgeable on Individual Preparedness and have a readiness plan; Plan to take care of your people and account for your people!
- Designate Bldg Coordinators for your facilities. Building Coordinators “should” be a senior person in the bldg. so they are able to speak with authority.
- Ensure Bldg Coordinators have detailed plans.
- Ensure Bldg Coordinators have exercised the plans, and that Bldg. occupants are familiar with the procedures.
- Emplace accountability measures for your buildings.
- Report accountability for your unit to the IBOC @ 684-4448 or ftlvneoc.leav@conus.army.mil

Individual Responsibilities

Get a Kit

- Get an emergency supply kit for your family, to last a min of 72 hours (include necessary medications, food, water...etc).

Make a Plan

- Make a family emergency plan, including provision to care for extended family, and include a communication plan to keep in touch.
- Ensure all family members are aware of the location of local shelters, if not sheltering in your own home.
- Take shelter immediately in the designated room.
- If you are outside, find shelter immediately or, if shelter is unavailable, lie flat in a ditch or low lying area.
- If you are in a car, stop immediately and find shelter. Do NOT try to drive through a tornado.
- Stay in shelter until the tornado has passed.
- Once you are in a safe place, report to your command if you are military or government civilian personnel or a member of the selective reserves.

Be Informed

- Stay tuned to radio or TV for information and instructions as they become available.
